**Subject: Ref:** General Product Safety Regulation (GPSR) Clarification

Dear Customer,

Thank you for your inquiry regarding the applicability of the General Product Safety Regulation (GPSR).

We hereby confirm that the GPSR applies solely to consumer products. Our products, however, are exclusively intended for professional use and must always be installed by trained and qualified personnel, as clearly indicated on the cover page of each installation instruction.

Because our products are not intended for consumer use and are not reasonably likely to be used by consumers under foreseeable conditions, they fall outside the scope of the GPSR.

Only products that may foreseeably be used by consumers would fall under the GPSR.

Should you have any further questions or require additional documentation, please feel free to contact us.
