INTENDED USE / APPLICATION
Product designed to be used in the home and for other similar general applications.
MOUNTING
Read the manual before mounting. Mounting should be performed by an appropriately qualified person. Any activities to be done with disconnected power supply. Exercise particular caution. Mounting diagram: see pictures. Check for proper mechanical fastening and connection to electrical power prior to first use. Terminals need to be placed in a way that will disabbe their contact with the product parts that become heated.
FUNCTIONAL CHARACTERISTICS
Product for indoor use. Product may heat up to a higher temperature. Do not cover the product. Ensure free air access. Place all the leads and elements mating with the fixture ensuring no contact with the parts of the lighting system that become heated. Adjustment of lighting direction and/or replacement of the light source must be done when the product has cooled down. Replacement of light source to be performed after the product cools down: see pictures. Product must not be used in unfavourable environment, e.g. dust, moisture,water, vibrations, etc. The inspection of all connections and elements of the lighting system is recommended.
EXPLANATIONS OF SYMBOLS USED
P1: Supply voltage.
P2: Maximum power of the light source.
P3: Halogen light bulb.
P4: Base / holder.
P5: Product meets the requirements of EU directives.
P6: Protection against solid foreign objects bigger than 12mm provided.
P7: Class III.
A product in which protection against electric shock is provided by placing it with very low safe voltage (SELV) with no risk of creating higher than safe voltage.
P8: Use only indoors.
P9: This symbol means that the product can be installed and operated in/on a surface made of materials which are normally flammable.
P10: Maximum power of the light source for the instalment and use of the product on/in a surface normally flammable.
P11: Maximum power of the light source for the instalment and use of the product on/in a surface normally non-flammable.
ENVIRONMENTAL PROTECTION
Keep your environment clean. Segregation of post-packaging waste is recommended.
INSTRUCTIONS / GUIDELINES
Failure to follow these instructions may result in e.g. fire, burns, electrical shock, physical injury and other material and non-material damage. For more information about Kanlux products visit www.kanlux.com . Kanlux S.A. shall not be responsible for any damage resulting from the failure to follow these instructions.

DE
VERWENDUNG / ANWENDUNG
Produkt für die Verwendung in Wohngebäuden und zur allgemeinen Verwendung.
MONTAGE
Lesen Sie vor der Montage die Anleitung. Die Montage sollte von einer kompetent durchgeführten Person, welche die erforderliche Befähigung hat, Alle Tätigkeiten sind bei abgeschalteter Energieversorgung durchzuführen. Besondere Vorsicht ist zu wahren. Montageschema: s. Zeichnungen. Vor der Inbetriebnahme muss die ordnungsgemäße mechanische Befestigung und der elektrische Anschluss geprüft werden. Die Anschlussleitungen müssen so geführt werden, dass ein Kontakt mit
